

# **Vertiefung Theoretische Informatik**

## **Advanced Topics in Theoretical Computer Science**

Viorica Sofronie-Stokkermans

Universität Koblenz-Landau

e-mail: [sofronie@uni-koblenz.de](mailto:sofronie@uni-koblenz.de)

Wintersemester 2022/23

# Organisation

---

**Lecture:** Viorica Sofronie-Stokkermans

`sofronie@uni-koblenz.de`

# Organisation

---

**Lecture:** Viorica Sofronie-Stokkermans

`sofronie@uni-koblenz.de`

**Exercise:** Dennis Peuter

`dpeuter@uni-koblenz.de`

# Lecture

---

- Webseite: `www.uni-koblenz.de/~sofronie/vertiefung-ti-ws2022`
- Time and place:
  - **Lecture:** Wednesday, 14:00-16:00, Room B 017  
Audio-commented slides available in Panopto.
  - **Exercise:** Thursday, 14:00-16:00, Room B 017

# Lecture

---

## Exercises:

- Will appear weekly on the website
- Will be discussed in the exercise session in the following week
- You can solve them (possibly also in groups of up to 3 students) and hand in the solutions

# Lecture

---

## Exercises:

- Will appear weekly on the website
- Will be discussed in the exercise session in the following week
- You can solve them (possibly also in groups of up to 3 students) and hand in the solutions ... but you do not *have* to hand them in

# Lecture

---

## Exams:

Written (duration 2 h) or oral, depending on the number of participants.

- **1. Exam:** end of the lecture time (written, from all the material).  
Criterion for passing: 50% of the total number of points
- **2. Exam:** end of the semester (from all the material)  
Criterion for passing: 50% of the total number of points.
